

SKE GP650VA UPS

Description
<p>PRODUCT FEATURES:</p> <ul style="list-style-type: none">- Compact Size- with Surge Protection- Excellent microprocessor control guarantees high reliability- AVR with boost and buck for voltage stabilization- Simulated sine wave- Off-mode charging- Cold start function- Suitable for PC, router
<p>SPECIFICATIONS:</p>
<p>POWER RATING: 650VA/390WATTS</p>
<p>INPUT</p>
<p>Voltage: 220-230V</p>
<p>Voltage Range</p>
<p>140V-290V Half Load</p>
<p>140V-300V Full load</p>
<p>Frequency: 40Hz and up</p>
<p>OUTPUT</p>
<p>Voltage : 220-230V +/- 10%</p>
<p>Frequency: 50Hz-60Hz +/- 5% (auto sensing)</p>
<p>Transfer Time: Typical 4-8ms, 13ms max</p>
<p>Waveform (A.C) Sinewave</p>
<p>Waveform (Batt Mode): Simulated Sine Wave</p>
<p>Sockets: 4 Backup Outlets + 2 Surge Protected Outlets</p>
<p>BATTERY</p>
<p>1 x 12V/7Ah</p>
